## **USE AND DISCLOSURE OF DATA**

The Offeror has carefully reviewed all data included in this proposal with regard to its potential release in response to the Freedom of Information Act requests. Those data which are believed to be exempt from mandatory disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552(b)(4)) are contained on the pages enumerated in the NOTICE set forth below. This ROM does not itself constitute an offer to contract on the Government's business requirements or terms and conditions nor an acceptance of any of the Government's business requirements or terms and conditions, notwithstanding any provisions to the contrary stated in any other document or in verbal discussions. Nothing in this ROM is intended, or shall be construed, to require AT&T to accept any terms and conditions in any request for proposals, or other solicitations, or in any contract which AT&T has a policy of treating as non-standard. Any future contract between the parties is contingent upon AT&T entering a written agreement signed by authorized representatives of both parties setting forth the applicable prices, terms and conditions relating to this provision of these services.
